

# PEELER ROLLS

## PRODUCT HIGHLIGHTS

- ▶ Improved yields
- ▶ Longer life
- ▶ Easy to install complete assemblies

## PRODUCT DESCRIPTION

Hill peeler rolls combine decades of experience in gizzard processing and helical gear cutting. This has resulted in a superior line of peeler shafts, gut gears, skinning rolls and manual inspection stations. Whether the job is skinning parts or peeling gizzards, Hill has the roll designed and manufactured for improved yields and longer life. Rollers are available in sets or easy to install complete assemblies.

## THE PEELER ROLLS PORTFOLIO INCLUDES:

- ▶ Peeler shafts
- ▶ Gut gears
- ▶ Skinning rolls
- ▶ Manual inspection stations
